FOREWORD

This directory is intended to serve as a guide to visitors and patrons of the San Francisco Public Schools. These schools offer free instruction in a wide variety of subjects from kindergarten through junior college. Special classes for adults are conducted during both days and evening hours.

Parents who contemplate entering their children in the San Francisco Public Schools will be welcomed by the principal of their neighborhood school preferably during the morning hours. New residents who wish to register children in a public school for the first time should present a transfer blank and a transcript of record from the school the children last attended. Pending the receipt of such information, principals may register pupils upon oral statements. A California state law requires students to attend school until they attain their eighteenth year or are graduated from a four year high school. Kindergartens register pupils at the minimum age of four years and nine months. First grade pupils must be one year older.

In the pages of this directory will be found listings covering almost every type of modern educational offerings designed to meet the needs of pupils and students of all ages. Adult students may obtain supplementary information regarding the rich program offered in the vocational and technical field by requesting a copy of the free booklet, "A Bridge To Tomorrow."

Educators who are visiting in San Francisco may arrange appointments for visits to schools by conferring with the assistant to the superintendent.

Additional inquiries will be welcomed at the information desk of the Superintendent, telephone HEmlock 4680.

A handwritten signature in dark ink, appearing to read "J. M. Mourse". The signature is fluid and cursive, with a large initial "J" and "M".

SCHOOL HOLIDAYS

February 22, Tuesday, Washington's Birthday; April 11-15, Easter Vacation.

IT IS essential that teachers be left absolutely free to select the organization they wish to join. Under no circumstances should principals use coercion to secure memberships in a particular organization. Likewise, one group must not be given preference over another.

A faculty meeting should be held at the beginning of each semester at which time faculty representatives of all organizations should be invited to speak to the teachers.

Following is a list of the various professional organizations. The mere presence of an organization's name in the listing is indicative of its approval by the Superintendent's office. The Superintendent is a firm believer in membership in professional groups.
